# A quality plant guides Judson

If you could take a trip through the nursery with us today you would quickly see how our planned growth program is shaping up. Two new farms were purchased this year, two new polyethylene greenhouses have been erected, a large new cold storage building is now operating and a unique pallet-conveyor method of processing

Aerial view of first of two farms purchased this year which will permit us to operate a 3-year rotation in isolated areas.

Air-conditioned storage is designed to hold plants in perfect condition winter or summer.

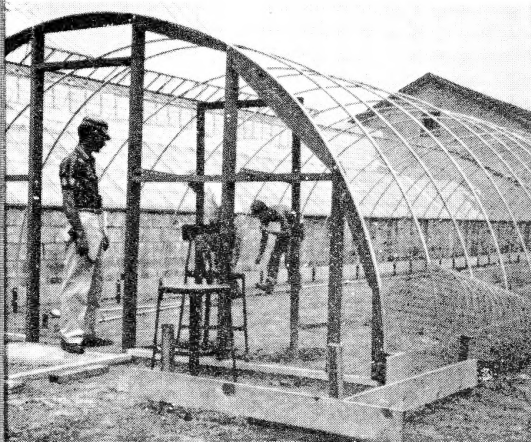

Judson Nurseries win Continental Can Co. "Carton-of-the-Month" Award. See "Plant-in' Time" package page 12.

## Nurseries Expansion

strawberry plants was installed. These are some of the important projects that have been accomplished this year. Others are ahead. Our virus-free plant program is being carefully guided in cooperation with the U.S.D.A. and our own State University. Simply, a quality plant program is our aim at Judson Nurseries.

New type Polyethylene greenhouse erected to expand potted perennial production.

This second farm was purchased to gain isolation, necessary for virus free plant production.

A continuing research program on pots, soil mixture and growing methods pack quality into our plants.

# Which Judson service plan best suits your needs

## **1 • Bulk shipment**

If your nursery operation is one in which you maintain your own cold storage for handling and processing your own orders then check with Judson on your Strawberry and perennial plant requirements. We have the stock and facilities for processing your large bulk orders promptly and efficiently. Write for quotation now.

## **2 • Drop shipment**

Some folks call this "pack-out." Simply, this means that we will handle your individual orders for either Strawberry, perennial and pyramid garden orders and will ship these orders direct to your customer under your label. Order-label tag described on page 9. Many nurseries have used this plan for years and we know how to make it work successfully for you.

## **3 • Retail packages**

If you operate a retail nursery sales outlet and can use "care-free," self-service packages, then be sure to check the packaged perennials on pages 10-11 and packaged Strawberry plants on pages 12-13. We offer a wide choice of colorfully packaged plants in packages that have been thoroughly tested.

## **4 • Pyramid Gardens**

For extra sales—for added profits don't miss the Pyramid. See pages 14-15-16 for complete information on the NEW Pyramid with NEW accessories. Each Pyramid is separately boxed and contains complete instructions. If you prefer, we can drop-ship the Pyramids for you. New sales folder can help you sell the Pyramid. Write for copy.

## **SUPPORT FRAME**

We have entirely re-designed this new support frame. Separately packaged—made of green plastic covered steel wire to form a perfect hemisphere over Pyramid. Frame is required for both netting and plastic cover.

## **NETTING**

This newly designed net is made for us by people who manufacture marine netting. Net is suspended over support frame. Protects Pyramid from birds, also holds mulch for winter protection.

## **PLASTIC COVER**

Completely new plastic cover designed for new frame. Can be used in two ways: 1. For early planting and frost protection of Strawberry plants. 2. Can be used as a hotbed for production of vegetable plants to be transplanted after danger of frost.

## JUDSON quality plant program

Considerable attention has been given to virus-free Strawberry plant production in recent years and the Judson Nurseries have cooperated in this effort along lines recommended by the U.S. D.A. as well as Purdue, our own State University. Indexed virus-free plants are grown in our own screen house to increase our planting stock. These plants are then planted in isolated fields that have been fumigated and have at least fifteen hundred feet isolation. These fields supply our second generation plants for our commercial plantings. We consider the virus-free

## Newspaper mats, printing plates . . . banners for your use

If you plan to advertise in your local newspaper write for a set of our ad builder mats. These are not complete ads but attractive headings that you can use in planning your own Strawberry, perennial and Pyramidal Garden ads. We also have a complete selection of four-color printing plates on Red Rich and other Strawberry plants. Banners on Pyramid, Strawberry and perennial plants also available.

## means Better Customers for You

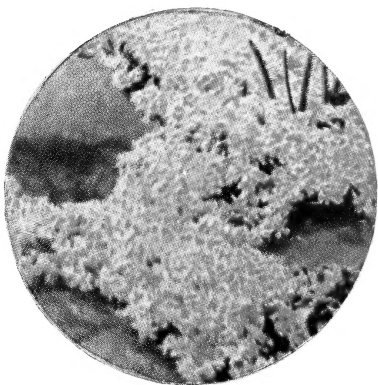

program as one part of our over-all effort to supply top quality plants to our customers. Equally important is the common-sense planning taught by years of experience at Judson Nurseries. The purchase of two new farms, the recently constructed storage, the new pallet method of processing plants, the continuing research in packaging . . . these, plus many more form the pattern of our plan: simply, to supply good plants . . . the kind of plants that make your customers—good customers.

## PLANT RESERVATIONS

It will be especially helpful to us and to you, too, in handling your Strawberry and perennial requirements if you will send us a reservation order (based on last year's sales) well ahead of the shipping season. This reservation order can, of course, be adjusted up or down, but when we receive it we will set aside and hold the plants you have reserved. This will help us serve you better.
